

Different habitats

**Year 2 Homework Autumn 1**  
**Who lives in a house like this?**

	Non- negotiables	5 points	5 points	10 points
	Continue to practise spelling challenges and read at least four times a week. Ask an adult to write in your homework diary.	Choose 10 words from the common exception word sheet and write them into sentences.	Write a story about an animal.	Practise spelling the days of the week and the months of the year.
	Practise 2, 5 and 10 times tables.	Complete one of the attached maths sheets (there are 3 levels to choose from)	Write 15 different ways you can make 50 using addition and subtraction.	Find as many 2D and 3D shapes in your house as you can and write down what object they were.
	5 points	5 points	10 points	10 points
	Write out your number bonds to 10, 20 or 100 – choose your challenge	Create a food chain using animals of your choice.	Choose a poem about animals or habitats that you find interesting and learn it, ready to recite to the class, using expression.	Create a fact file about 5 animals and their habitats.
	Create your own bug identification chart	Work on your letter formation and handwriting – copy a short piece of text using your neatest handwriting and if you are ready, add in some joined up writing.	Look at art created by Andy Goldsworthy and create your own art work using his style.	Create a model of a habitat of your choice.

1. The sum total for homework projects are **50 points**. You must have at least **10 Yellow points** and **10 Blue points**
2. The due date for all homework is Monday 16<sup>th</sup> October

**If you have any questions regarding the homework, please feel free to speak to the class teacher**
