

1. The sum total for homework projects is **50 points**. You must have at least **10 Yellow points** and **10 Blue points**.
2. Continue to practise times tables and spelling challenges, and remember to read at least four times per week. Don't forget to ask an adult to write in your homework diary!
3. All Projects must be brought into school on Monday the 16th October 2017.

If you have any questions regarding the homework, please feel free to speak to the class teacher.

	5 points	5 points	10 points	10 points
Yellow	English – create an advert for the Great Exhibition.	English – Write a character description of Oliver Twist-remember to include amazing adjectives and a variety of sentence openers.	English – Watch a short film clip or read a story extract and write a diary entry from the character's perspective.	English – Learn and be ready to perform a poem by a famous Victorian poet.
Blue	Maths – Choose a times table you find tricky and practice it in as many ways as you can – write it out, chant it, get an adult to test you etc.	Maths – Create your own multiplication and division number sentences and use a learnt written method to work them out. (formal written method/chunking/bus stop).	Maths – Create some 'Victorian Coconut Balls' by measuring your ingredients accurately. <small>(we are suggesting this recipe to accommodate children with nut and other significant allergies)</small>	Maths – play multiplication war with a deck of cards. Just flip two cards and multiply.  Whoever has the highest product keeps the cards. Hand in your score cards to get the points.
	Science – Draw or make a healthy food plate – make sure you label the food groups.	Science– Draw and label a diagram of a full set of teeth and write a sentence to explain the job of each tooth.	Music – Research an famous Victorian musician, listen to their music and write a short biography.	R.E. – Research a Victorian who tried to make a positive impact on poor people's lives in London.
	Science – Create a flow chart which maps out the process of the digestive system.	Art – Create a coloured William Morris pattern.	D.T. – Create a Victorian house or household object using junk and other 3D materials.	History – Create a presentation (computer or paper) about a famous Victorian inventor.
