

# Cooking up Success

Year 3 Homework Summer Term 2

	5 points	5 points	10 points	10 points
<b>Yellow</b>	<b>English</b> – Research the most popular dish in 5 different countries (or a dish typically associated with that country). List the ingredients for <u>one</u> of the dishes.	<b>English</b> – Design a dessert and create a poster to persuade people to buy it.	<b>English</b> – Write a recipe for a healthy snack/ meal. This could be a healthy sandwich/ wrap /salad/ fruit snack.  <b>OR</b> write a story about a fruit or vegetable and their journey from the farmer’s field to the dinner plate!	<b>English</b> – Research healthy eating/nutrition and write an information text based on your findings.
<b>Blue</b>	<b>Maths</b> – Write 6 of your own food-themed multiplication and division word problems (3 of each) and solve them.	<b>Maths</b> – Learn how many days there are in each month of the year. Record how you did this in your homework book. Perhaps you could create your own number sentences related to this and calculate how many days there are until you go on holiday or until your next birthday etc.	<b>Maths</b> – Measure the perimeter of 5 objects/ rooms within your house. You should use mm, cm or m to measure the objects (depending on their size). You could measure the perimeter of certain rooms, the garden, a flowerbed, garden pond etc.	<b>Maths</b> – Find a recipe for a healthy meal and make it. Measure out the ingredients carefully. Write out the recipe and a mini review of how it tasted. You could also include photographs of the different stages of the process.
<b>Green</b>	<b>Science/Geography</b> – Research 5 methods of preserving food.	<b>History</b> – Write brief notes on the history of a particular food that interests you. For example, chocolate!	<b>Geography</b> – Look at 10 objects/ items/ products in your house and find out where they are from. E.g. fruits, vegetables, items of clothing or toys. Locate these on a world map. You may want to use a key.	<b>Science</b> – Keep a food diary for 5 days and try to calculate the calories you have consumed. Try to calculate any other nutritional information possible.
	<b>P.E.</b> – Keep an exercise diary to monitor how much exercise you do in a week. Try to make a conscious effort to increase the amount of exercise taken, for example by walking to school. 	<b>Science</b> – Draw or print a picture of a human skeleton. Label the major bones of the body. 	<b>Art</b> – Design and label your own super hero style vegetable! Annotate your design and list 5 super powers it has. 	<b>Trip</b> – Prepare a healthy picnic and visit a park. Enjoy your picnic in the park. Take photos of your visit and stick them in your homework book with annotations. 

1. The sum total for homework projects are **50 points**. You must have at least **10 Yellow points** and **10 Blue points**
2. Continue to practise times tables and spelling challenges, and remember to read at least four times per week and ask an adult to write in your homework diary.
3. The due date for all projects is Monday 10<sup>th</sup> July 2017.

**If you have any questions regarding the homework, please feel free to speak to the class teacher**
